Hi Rose-

Here is what I've pulled together, using information from previous slide presentations. I think you said 10-min worth, but if you need to reduce, let me know. I used the format of the WOTUS slide you sent me.

Also, here is background info. The first page are basically the talking points that go with the slides (I also put TPs on the slide in the notes section). I also pulled together some possible Questions you might get – these are a subset of some of the questions we got from tribes in our 404(g) rule input webinars for tribes.

These have not been reviewed by anyone. If there is time when Kathy returns on Monday for her to review, that would be great. I think she will be working at home on Monday.
